

## **Protection of exterior façade from Rain, Sun and Pollution**

### **FULL PROTECTION SYSTEM FOR EXTERIOR FAÇADE**

The below mentioned full protection was done for a 30000 sft of Multi storied building in Chennai and quite a few bungalows including the one in Thuthukudi (above photos).

- Surfapore C – for damp proof
- Surfamix P – for adhesion
- Featherplast – for energy saving; water proofing & crack free
- Exterior primer
- Exterior emulsion paint mixed with Surfapore thermodry – for energy saving
- Surfashield – for new & clean exterior
